**DIRECTORATE OF SCIENCE AND TECHNOLOGY**

**GENERAL NOTICE NO. 8**

**25 February 1964**

1. This Directorate has been fortunate in being able to negotiate a mutually acceptable arrangement with the Defense Documentation Center whereby the DDC will release classified and unclassified information, as may be needed, from the Research, Development, Test and Evaluation (RDT&E) files to the Agency.

2. Although the main purpose of this arrangement was to determine research in process in order to avoid duplication of effort, we feel that this arrangement may be equally beneficial in compiling other technical intelligence data.

3. The CIA Library has been designated as the liaison channel between this Agency and the DDC. Requests for information from the DDC should be addressed to the CIA Librarian, and routed through the Chief, Administrative Staff, DD/S&T.
